SUMMARY

I am student with Informatics major focusing in Android & Web Development at University Catur Insan Cendekia Cirebon, seeking the opportunity to implement my knowledge and skills to make a contribution in your organization. I have excellent communication skills, leadership skills, and responsibility which have helped me to become a Head Division of Project Management Office of the Informatics Engineering Student Association at my university. And all of that can happen because I have high self-confidence and love to improve myself and learn other new experiences. In addition, I can establish and maintain effective working relationships with employees, team leads, supervisors, and organizations, either working as a team or as individual.
